

# Dentisure™ Loyalty Program FAQs

## Understanding your loyalty program

### How can it be free (what is the catch)?

There is no catch or cost, our Dentisure Loyalty Program is provided free of charge for DCN patients because we care. Just like any loyalty program, patients are rewarded for using our services. Patients simply need to have visited a DCN practice in the last 12 months, have registered online and meet the terms and conditions. From date of registration on the DCN website, there is a three month waiting period. Any accidents occurring in this time are not covered.

### What can I use my loyalty benefits toward?

Dental treatment arising from accidents, trips and falls, bike and skateboard falls, car accidents and any unexpected events that damage your teeth.

### Are all my teeth covered?

All natural teeth are covered. We do not cover dentures, pre-existing or degenerative conditions. We do cover all other accidents that result in chipped and broken teeth, cracked or damaged fillings, implants, crowns and bridgework up to a maximum of \$5,000 per accident. We also cover work on baby (milk) teeth if required to maintain correct spacing.

### How much am I covered for?

Up to a maximum of \$5,000 per calendar year for patients who have been with a DCN practice for 12 months or more, and \$2,500 for patients who have been with a DCN practice for less than 12 months.

### Can I use it with my private health insurance?

You certainly can. Claim with your private health fund first and then use your Dentisure loyalty benefits as required.

### Where am I covered?

You are covered in all States and Territories of Australia. You are not covered whilst overseas or on a cruise ship.

### Does it cost anything?
